Hello Lyndi and Lakesha,

Sorry for the late minute request. As many of you know tomorrow evening we are expected to get a 100% of rain. For both Valley Bureau and Central Bureau which the LA River falls under, it would be beneficial to warn those living in the LA River about the upcoming rains and advise/assist them to seek shelter or leave the danger area.

As well since it has been a while, we were asked to do the LA River survey along with warning people about the upcoming rains.

I am coordinating with Lt. Tingirides here at the UHRC to have HOPE Officer support HET in our efforts.

We can strategize a time, but more than likely we need to make this a focus for tomorrow.

Let me know your thoughts. I also attached the County's Flood Danger Warning flyer.

Thanks.
